1. Progress

Table 1. Progress

Tasks	IN PROGRESS	Date
statistic charts survey	read the collected papers	12.15
dimension reduction	run the datasets	11.30
*2Vec survey		12.30

2. Work

This week, I found the definition and classification of the statistic charts in some classic papers and read the papers I collected before related to statistic chart.

For the dimension reduction project, I will test different datasets efficiency of the projection and try to do something to accelerate the construct of knn.
